

VCAS Series Competitor Priority Scheme

VCAS has a Series Competitors Priority Scheme that allows individuals competing in the overall series to reserve a place in each event. This scheme is only open to competitors from the VCAS member clubs. You do not need to become a Priority Competitor to enter VCAS events or score series points; however with most events having full fields, the Priority Pre-paid will ensure your place at all rounds.

A nominal fee of \$20 will secure a place for every round as a Priority Competitor (\$10 for those renewing their status from the previous year).

Priority Competitors will still need to fill out an entry form for each event; however priority competitors are guaranteed a place at every event provided an entry is received by the close of entries for Series Competitors as stated in the supplementary regulations. If an entry is not received by this time the position will be forfeit for that event.

Competitors can join the Series Competitor Priority list at any time, however this form need to be received by the nominated person no later than 4 weeks prior to an event to gain a priority entry.

To become a VCAS Priority Competitor, fill out the form below, and send to:
